### CESI Graduate School of Engineering

would be delighted to welcome you as an exchange student or for a teaching/ staff mobility.

*We are a 5-year Graduate School of Engineering and we train future engineers in the fields of “Industry and services”, “Construction”, “IT”. Our engineering degrees are accredited by the French board of Engineering (CTI) and EUR-ACE® labelled.*

*Our pedagogy puts the students in a similar environment as in a company or a professional situation : projects led collectively lead to the knowledge and understanding of the learning outcomes. These projects or problems are transdisciplinary, and they combine scientific, technical, professional, linguistic and intercultural contents.*

*CESI Graduate School of Engineering is based in 25 cities all over the French territory.*
