

Anexă la Hotărârea Senatului nr. 6266/04.12.2025

Avizat în ședința Consiliului Facultății

din data de 17.11.2025

V. EDUCATIONAL OFFER

Faculty of Engineering (<https://inginerie.ulbsibiu.ro/admitere/>)

The educational offer includes the maximum number of seats (state-funded + tuition) that can be filled for each study program according to ARACIS for the 2026–2027 academic year.

After the approval of the number of minister-funded seats, the educational offer will include, for each study program, the state-funded seats and the tuition-paying seats for the 2026–2027 academic year.

C. Master's Degree Programs – Academic Year 2026–2027

Study Program	Maximum Number of Students (According to ARACIS)	Type of Competition and/or Entrance Test(s)	Selection Criteria and/or Method of Calculating Admission Grade/Average		
Industrial Business Management	170	Mixed admission competition / Oral exam	Grade obtained in the bachelor's (licensure) exam (diploma) Domain knowledge test and, if applicable, complementary test, graded as Accepted / Rejected		
Project Management					
Quality Management					
Engineering and Management of Natural Gases	50				
CAD-CAE-CAM Systems in Plastic Deformation	300				
Industrial Logistics					
Intelligent Manufacturing Systems and Technologies					
Structure, Programming, and Maintenance of CNC Systems					
Advanced Mechatronic Systems	75				
Advanced Mechatronic Systems – Dual Higher Education **)					
Advanced Applications in Electrical Engineering	30				
Computer Engineering in Industrial Applications	150			Mixed admission competition / Oral exam	Grade obtained in the bachelor's (licensure) exam (diploma) Domain knowledge test and, if applicable, complementary test, graded as Accepted / Rejected Language proficiency test (eliminary)
Embedded Systems ^{*)}					
Advanced Computing Systems ^{*)}					

Legend: *) - Studies in English language

**) - Dual higher education is a form of organization in which teaching and practical activities are shared between the university and partner companies.
